Abstract

In general, local government budgets in Indonesia does not have a gender perspective. The budget is more of a financial allocation of the aggregate nature, so that human factors are socially and culturally different, even distinguished, it is not unthinkable. This then makes policy bias. In order to avoid any gender bias, should realize the budget gender responsive budgeting (ARG). The commitment contained in Permendagri No. 15 of 2008 and further strengthened by the Minister of Finance Regulation No. 104 of 2010 regulating the implementation of gender-responsive budgeting. Research Objectives To describe and analyze the sector budget 2011 Empowerment of women and gender berspektif child protection. Types of descriptive research with quantitative and qualitative data. Subjects Research is accountability (accountability report) regional head Situbondo in 2011 by criticizing only the empowerment of women and protection of children. This research study sites in the district Situbondo. Data Collection Method In this study is secondary data. Validity Engineering Data To obtain findings that can be accounted for, it can be done with testing triangulation. Trianggulasi in this study can be interpreted by checking data with multiple sources called Triangulation sources. Analysis of the data The writer uses two techniques, namely content analysis techniques to determine the content that is being analyzed, categorization formulation, determination of items, determining the unit of analysis, coding, computation, data presentation, interpretation of data, analysis, and use of data analysis made by Huberman and Miles (Idrus; 2009 : 147) is called with an interactive model. At sector empowerment of women and protection of children who are technically on education in the administration of this already exceeds 5% of the budget that is 29% berspektif gender is gender responsive budgets, although there are some activities that there is still a budget neutral gender.

Key Word; *Gender budget perspectives, women empowerment and child protection*

I. Pendahuluan

Berbagai kebijakan diterbitkan untuk mendorong implementasi Anggaran Responsif Gender, misalnya Instruksi Presiden Nomor 9 Tahun 2000 tentang Pelaksanaan PUG Dalam Pembangunan, Permendagri No. 15 Tahun 2008 tentang Pedoman Umum Pelaksanaan PUG di Daerah, Perpres No. 21 Tahun 2009 tentang Rencana Kerja pemerintah (RKP) Tahun 2010, dan lainnya tetapi Komitmen pemerintah Indonesia untuk mewujudkan kesetaraan dan keadilan gender dalam berbagai bidang pembangunan selama ini belum menunjukkan hasil yang optimal walaupun sudah diterbitkan berbagai peraturan. Kesenjangan yang masih terjadi
