Prof. Dr. H. Maskuri, M.Si

SPEECH FROM DEAN

In the Name of Allah, the Most Beneficent, the Most Merciful.

We are pleased to welcome you to the Third International Research Conference on Management and Business (IRCMB) and Banyuwangi, Indonesia. Our enthusiasm and excitement for scientific research and sharing knowledge have motivated us to organize this conference.

We hope that all participants of the conference to take time not only for paper presentation, but also to actively engage one another and to take this opportunity to further develop your professional links. The conference will not be possible to be organized without the dedicated efforts of many individuals who have contributed to the various process that make up this event. For their dedication, we sincerely convey our appreciation. Our sincere gratitude also goes to our journal partners that provide their support in this conference.

Lastly, our personal thanks to all of you for participating here today. You are crucial to the program's success - thank you for coming! Please enjoy the conference and make sure you take some time to enjoy and explore Banyuwangi!

Best regards,

Nur Diana, SE, MSi

Dean, Faculty of Economics and Business University of Islam Malang

Conference Chair – 3rd IRCMB

University of Jember

Abstract

This study aims to examine the influence of intermediary function and capital structure toward financing risk and financial performance and the influence of risk toward financial performance at sharia bank in Indonesia. The type of research used in this research is explanatory research, which is research that explains the effect of exogenous variables consist of intermediary function and capital structure toward endogenous variables consist of financing risk and financial performance through a hypothesis test. The sample of this research is sharia bank in Indonesia. The data used is secondary data of 11 sharia banks during period of 2013 to 2017. The method of data analysis uses partial least square with the consideration that the total samples used are small. The results showed that (a) capital structure have a significant influence on the financing risk of sharia bank in Indonesia; (b) capital structure have a significant influence on the financial performance of sharia bank in Indonesia; (c) intermediary function have a significant influence on the financing risk of sharia bank in Indonesia; (d) intermediary function have no a significant influence on the financial performance of sharia bank in Indonesia and (e) financing risk have a significant influence on the financial performance of sharia bank in Indonesia.

Keywords: intermediary function, capital structure, risk, performance
