## ACKNOWLEDGEMENT

First and foremost, I would like to express my greatest gratitude to Allah SWT for blessing me and giving me strength so that I can finish writing the thesis entitled “The Effect of Using Flashcards on the English Vocabulary Achievement of the Seventh Grade Students at SMP Negeri 1 Wuluhan in the 2010/2011 Academic Year”

In relation to the writing and finishing of this thesis, I would like to express the deepest and sincerest thanks to:

1. The Dean of the Faculty of Teacher Training and Education, Jember University
2. The Chairperson of The Language & Arts Department
3. The Chairperson of English Education Study Programs
4. The first and second consultants, Dra. Zakiyah Tasnim, M.A., and Drs. Sugeng Ariyanto, M.A. Thank you for spending your time and giving me suggestions and many ideas to make my thesis better.
5. The lecturers of the English Education Program who have given me moral supports to work harder in my attempt to complete the thesis
6. The principal and the English teachers of SMPN 1 Wuluhan for giving me an opportunity, help, and support to conduct this research
7. The seventh grade students of SMPN 1 Wuluhan in the 2010/2011 academic year especially class VII C and VII D.

I believe that this thesis might have some weaknesses. Therefore, any criticism from those who really want to improve the thesis will be wisely appreciated.

Jember, June 2011

The Writer

## SUMMARY

**The Effect of Using Flashcards on The English Vocabulary Achievement of the Seventh Grade students at SMP Negeri 1 Wuluhan; Nanik Hariyani, 060210491085 ; 2011: 37 Pages; English Education Study Program, Language and Arts Department, Faculty of Teacher Training and Education, Jember University.**

Vocabulary is one of the language components that play an important role in the process of learning English. Tarigan (1989:2) states that the richer someone masters vocabulary, the bigger chance to master the language. It means that the quality of someone's language skill depends on his quality and quantity of vocabulary they have. In learning vocabulary, many students have difficulty in memorizing the meaning of the word. Because of that reason, the teacher needs to use media that can help the students in understanding the meaning of vocabulary easily.

To solve the problem above, the researcher used flashcards as media to help the students memorize and understand the meaning of new vocabulary. The researcher used media because it is not only reduced the students' boredom but also could motivate the students in learning. Arsyad (2006:120) states that the importance of using flashcards is to enable the teachers in giving such efficient and interesting way of vocabulary teaching. This means that media can be very useful and meaningful in language learning process.

The purpose of this research was to know whether or not there is a significant effect of using flashcards on grade seven students' vocabulary achievement at SMPN 1 Wuluhan. The research design was quasi experiment. It was begun from conducting homogeneity test, deciding the experimental group and control group, giving treatment to the experimental group, giving the same posttest to the both classes, and the last was analyzing the result of the posttest by using t-test formula.

The area of this research was SMPN 1 Wuluhan. It was chosen because flashcards had never been used by the English teacher in teaching English especially for teaching vocabulary. Based on the result of the homogeneity test, class VII C and class VII D were chosen as experimental group and control group.

The result of this research showed that there was a significant effect of using flashcards on grade seven students' vocabulary achievement. It was proven by the result of t-statistic value was 2.86 and t-table value with significant level of 5% was 2.000. It means that the t-statistic value was higher than t-table value. It could be understood that there is a significant effect of using flashcards on the English vocabulary achievement of the seventh grade students at SMPN 2 Wuluhan. So that, it is suggested that the English teacher uses flashcards as a teaching media to teach vocabulary and use various media to teach English subject especially vocabulary.
